Get Real About Ethics with Straight Talk from Chuck Gallagher

Life-Changing Messages about Choices, Consequences and the Human Side of Ethics...

Ethics in our professional practice and workplace is a serious matter, but talking about it doesn't have to be "business as usual." Long ago, Chuck Gallagher – former CPA – learned a lesson about ethics, choices and consequences the hard way – but now he shares his experience so that others don't have to. In his compelling and thought-provoking presentations, Chuck empowers people to **improve their professional and personal lives by:**

- Understanding specific human dynamics when it comes to ethical decisions.
- Identify key components involved in making ethical choices.
- Review the phases of "The Unethical Continuum" - why good people make unethical decisions
- Establish a road map to keep employees' behavior between the ethical lines.
